

Assisting Bureau declined applicants with clearance procedure

Changing current declines into future sales

CLPRO

Credit Legal Pro's

WHO WE ARE

Credit Legal Pro's was founded back in January 2005

Since their inception, Credit Legal Pro's have been saving consumers from the hardship associated with a bad credit profile.

Their main focus is to improve consumers credit profile by empowering them with their rights as defined in the National Credit Act.

Credit Legal Pro's has access to a panel of experienced attorneys who also utilizes Credit Legal Pro's propriety software platform. In these uncertain times, your clients deserve the best possible support, especially after being declined for finance.

TOP PRODUCTS

- **Credit Interpretation Report** - This product is seen as an assessment to help diagnose their current credit situation. Here we can evaluate what course of action to take.
- **Debt Review cancellation** - It is quite a process to remove someone from under debt review but can be done if they are in a better financial position than before and they can afford to pay their own creditors.
- **Judgment & Default Removal** - This is for paid up Judgments to be removed from the 4 credit bureaus. Credit Legal Pro's will assist the consumer to obtain the paid-up letter/s when not available. It takes 21 working days for judgment to be removed once we have received all the correct documents.
- **Negotiations** - We negotiate with client's creditor/s on their behalf to reduce monthly repayment up to 50%. This service offers negotiations on Judgments and Adverse that are not paid up
